Throughout the COVID-19 pandemic, The Michigan Youth Education Fund has continued to monitor developments in public health and reassess temporary changes to its programs in order to serve students while protecting their health and safety. As vaccination rates increase across our state and country and COVID-19 restrictions are lifted, in-person extracurricular events and educational opportunities are becoming more prevalent.

Therefore, under careful consideration and In coordination with health experts and local leaders, the Michigan Youth Education Fund has made necessary adjustments to our programs. We have updated the temporary changes to our programs in order to provide quality educational experiences for students while reducing risk and exposure to COVID-19.

The Michigan Youth Education Fund will lift restrictions on its Extracurricular Opportunity Grant Program effective August 1, 2021. However, we will defer the decision to allow student travel and participation at in-person events to school leaders and districts.

As we begin the transition back to in-person learning, we recognize the ability of virtual opportunities to make extracurricular opportunities affordable and accessible. We hope to continue to

Yours in Learning,

Eric Siegrist
